**WHAT IS FAMILY MATTERS?**

*Family Matters* is Australia’s national campaign to ensure Aboriginal and Torres Strait Islander children and young people grow up safe and cared for in family, community and culture.

**OUR GOAL is to eliminate the over-representation of Aboriginal and Torres Strait Islander children in out-of-home care, by 2040.**

Out-of-home care refers to the care of a child outside the parental home, as required by the state government, including foster, residential and kinship care, family group homes and independent living.

*Family Matters* is led by SNAICC – National Voice for our Children, the national peak body for Aboriginal and Torres Strait Islander children, and supported by a rapidly growing Strategic Alliance of approximately 150 dedicated Aboriginal and Torres Strait Islander and non-Indigenous organisations.
OUR CAMPAIGN

Family Matters aims to eliminate the over-representation of Aboriginal and Torres Strait Islander children in out-of-home care, by 2040. Out-of-home care refers to the care of a child outside the parental home, as required by the state government, including foster, residential and kinship care, family group homes and independent living.

When the ground-breaking Bringing Them Home report into the stolen generations was released in 1997, mainstream Australia was shocked to learn that Aboriginal and Torres Strait Islander children represented 20% of all children living in out-of-home care.

Now, nearly 20 years later, they are over 35%. Despite numerous legal and policy frameworks protecting the cultural rights of Indigenous children, the rate of Aboriginal and Torres Strait Islander children in out-of-home care is almost ten times that of other children, and continues to grow.

OUR SIX CORE PRINCIPLES

Family Matters operates under six core principles, which underpin all campaign relationships, strategies and activities. These principles are:

- Applying a child-focussed approach
- Ensuring that Aboriginal and Torres Strait Islander people and organisations participate in and have control over decisions that affect their children
- Protecting Aboriginal and Torres Strait Islander children’s right to live in culture
- Pursuing evidence-based responses
- Supporting, healing and strengthening families
- Challenging systemic racism and inequities

MEASURING SUCCESS – CAMPAIGN SUB-TARGETS

In addition to our overarching goal of eliminating over-representation by 2040, members of the Family Matters campaign are working towards a comprehensive set of short and mid-term targets to indicate improved levels of Aboriginal and Torres Strait Islander child safety and well-being:

1. For Aboriginal and Torres Strait Islander children to enjoy equal access to early intervention and prevention services as non-Indigenous children by 2020

2. For Aboriginal and Torres Strait Islander children in out-of-home care to enjoy equal rates of reunification with their parents or family as non-Indigenous children by 2025

3. To eliminate the over-representation in rates of notification of child abuse or neglect of Aboriginal and Torres Strait Islander children by 2030

4. To eliminate the over representation of Aboriginal and Torres Strait Islander children subject to a substantiation of child abuse or neglect by 2035

5. To eliminate the over-representation of Aboriginal and Torres Strait Islander children subject to an order of removal into out-of-home care by 2035
